Over the past two years we have helped over 50 families celebrate their child's birthdays including our own son, Jackson. The overwhelming response from parents is that it is so nice to be in an environment they feel relaxed and comfortable. They also comment on the healthy but delicious food that the children devour (minus the excessive colourings and additives). As a Mum with a child with food allergies it has been a huge relief to have Jackson's food prepared safely for both his own birthday parties and ones he has attended at the cafe. We even order a kids party pack for him to take to other parties – just to be sure it is safe. This year we celebrate Jackson's 5th birthday at a venue away from the cafe but we purposely chose somewhere we could self-cater (& guess who is doing the catering!). Whether you are looking for a party venue, out-catering or even a special party treats pack made with TLC – The Library Cafe can help. Debbie Leaver March 2010.
