Over the past three years we have helped many families celebrate their child's birthdays including our own son, Jackson. The overwhelming response from parents is that it is so nice to be in an environment they feel relaxed & comfortable. They also comment on the healthy but delicious food that the children devour. As a Mum with a child with food allergies it has been a huge relief to have Jackson's food prepared safely for both his own birthday parties & ones he has attended at the cafe. We even order a kids party pack for him to take to other parties. This year we celebrated Jackson's 5th birthday at a venue away from the cafe so we chose somewhere we could self-cater (& guess who is doing the catering!). Whether you are looking for a party venue, out-catering or even a special party treats pack made with TLC – The Library Cafe can help. Debbie Leaver March 2010.

Fundraising Opportunities

At The Library Café we like to support our community & always do our best to help organisations with their fundraising efforts. So we have come up with the Ultimate Fundraising Idea with the potential to raise thousands of dollars!!!!

It's simple - for every Library Café Gift Voucher sold we will give your organisation a minimum of 25% profit!

- ✓ **We will even give you some prizes to award to your best sellers!**
- ✓ **It's better than raffle tickets because everyone wins!**
- ✓ **It's better than chocolate because it can be shared with more people & enjoyed over a longer period!**
- ✓ **It makes a great gift for that person who is hard to buy for!**
- ✓ **It's fair - \$20 in products for \$20 so nobody feels ripped off**

In today's economy, it is true to say there is less money around and although, we all want to help sometimes it's not that easy. As a Mum, I know what it is like asking other people to buy raffle tickets and chocolate bars, and sometimes I feel terrible even asking. So much so, that I often end up buying the whole lot myself! I make the decision to do this as a donation as I know a lot of other parents end up doing as well. So, I started to think about whether there was a better way. It occurred to me, that our gift vouchers would be perfect. Selling them is easy because they offer \$20 value for \$20 and, the best thing is, they raise a lot more money than selling chocolate or lollies!
