TLC Kitchen

Due to popular demand, we have now extended our services to include catering so that our deliciously nutritious organically inspired food can be enjoyed *at your place or ours*.

The Library Environmental Policy

The Library has a strong commitment & vision of eco-sustainability. From the outset, the building presented a unique opportunity to 'recycle' a magnificent piece of history & restore it to its former glory. The Library's purchasing criteria is based on environmental policies, fair trade & sustainability practices of its suppliers. With a predominantly organic menu incorporating seasonal & local produce, The Library provides a portal to communicate the story of businesses & individuals who have embraced organic living & are on a journey of eco-sustainability. The objective is not only to promote & support likeminded people & businesses but also to encourage others to follow.

Vegetable-based inks, recycled paper, environmentally friendly packaging & consumables, organic &/or bio-degradable products have been utilised where possible. Disposable items are used sparingly & bio-degradable products are used where appropriate including bin liners, plates & cutlery. Cleaning & washing products are non-toxic with alcohol free soaps & sanitisers available in the bathroom, kitchen & dining areas.
